

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Politics is the way that people living in groups make decisions. Politics is about making agreement between people so that they can live together in groups such as tribes, cities, or countries/

Politics is the set of activities that are associated with making decisions in groups, or other form of power relations among individuals, such as the distribution of resources or status.

Rule of law must be upheld at all times, rich and poor, in the city or in the province

Because your emotion create a physical response within your mind and your feelings are consciously something that you're thinking about, they can both have an impact on your behavior.

People will look above factors like race, religion, caste, and kinship networks to elect someone who genuinely tries to improve society

The majority of politician have entirely altered the meaning of the word: today, people now associate politics with speeches, lots of money, corruption, power, illegal settlements, etc.

Upgrade the educational system, the teacher's training and the school facilities

Leaders who possess a strong networking ability build friendship by garnering support, negotiation, and managing conflict

Election Commission

Political juggernauts often win elections by significant margins, demonstrating their popularity and influence.

Juggernauts often have substantial financial resources, allowing them to fund campaigns and initiatives.

The fear of scandals or controversies emerging, which could tarnish their reputation and credibility, is a common concern.

Internal party conflicts and challenges from within their own political party can be frustrating and anxiety-inducing.

They may exert strong control over their political party, shaping its policies and decisions.

They may have a significant impact on policy decisions, both within their own party and in broader government.

A strong sense of pride in their political achievements and ideology can be driving force.

A desire for power, influence, and legacy-building can motivate their actions.

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
